Here is the all-new Access 125, India's most loved 125cc scooter. Compliant with BS6 emission norms, this is your ride into the future. Excited vet?

ALL-NEW PREMIUM CHROME EXTERNAL FUEL INLET

Enjoy easy refuelling without opening the seat or even while sitting on it. This fuel lid requires a key to open and operate, which also makes it more secure.

ALL-NEW TECHNOLOGY

The advanced Fuel Injection technology delivers optimum combustion efficiency in different riding conditions. It provides smooth power delivery to make your everyday ride even more exciting, and enables easy start, even in cold conditions.

Access 125 Special Edition, Alloy (Disc)

ALL-NEW ECO ASSIST ILLUMINATION

The illumination around the speedo turns green to indicate fuel-efficient riding. This encourages optimum throttle usage to set you on an eco-drive. Available in all models except the steel drum brake version.

ALL-NEW LED HEADLAMP

The super bright LED headlamp enhances the visibility at night with its bright and wide radiated spread of light while the chrome surrounding provides a premium touch.

SEP (Suzuki Eco Performance) is a new development concept proposed by Suzuki. At Suzuki, we pay great attention to riding performance, and 'SEP' stands for our next generation engine that offers both low fuel consumption and superior acceleration.

Combined Brake System (CBS) enables riders to operate both brakes only by using the left brake lever. CBS is a supplemental brake system, do operate both left and right brake levers while riding.
